If entering combined training, riders will complete both parts (jumping) and (dressage) and be placed in both of these classes alongside the people who ONLY do either as well as being placed in the overall combined training section. The dressage score shall be calculated by deducting the percentage from 100 i.e. 60% would equal 40. Jumping faults shall be added to the dressage score to obtain the final combined training score (a pole down = 4; elimination = 50 etc). In the event of a tie, the jumping time will be taken into account.

**Riders can enter JUST the jumping or JUST the dressage in any class.**
